Welcome to Apprenticeship

Welcome to the Oregon-Columbia Roofer Apprenticeship Program!

The energy you put forth every day on the jobsite as well as in the classroom will result in not only improving yourself, but also improving the communities we all live in. Succeeding in this program requires communication, perseverance, and commitment.

Along with your apprenticeship committee, instructors, and the staff at the College, we look forward to helping you navigate and succeed in your apprenticeship. You will work closely with your coordinator as you learn the routines of Monthly Progress Reports, Related Training and Training Agents. Remember to reach out to your coordinator when things change, you need help or if you have questions; they are here to help you navigate your apprenticeship.

Consider this handbook a tool for you to use—like the other tools in your belt. In here you'll find expectations, policies, procedures, and helpful hints. Keep it, and your Apprenticeship Standards, in a handy place and refer to them as needed.

With your first dispatch, you will become a registered apprentice with the State of Oregon via the Bureau of Labor & Industry (BOLI). Your progress will be regularly monitored by your committee and reported to the State until you've completed the terms of your Apprenticeship Agreement and earned your Journey Worker Certification.

Read this handbook carefully and if you have questions, call 503-256-7300.

On Behalf of your Oregon-Columbia Roofer JATC,

A handwritten signature in black ink that reads "S. Brady". The signature is written in a cursive, flowing style.

Sara Brady
Director of Student and Public Affairs

Foreword

The Oregon Columbia Roofer JATC created this handbook to help apprentices, and their training agents understand the expectations put forth in the Standards as well as navigate the policies and procedures that are a part of a successful apprenticeship.

The Committee is the governing body and has contracted Northwest College of Construction (NWCOC) to provide related training and administrative oversight of the day-to-day operations of the Roofer program. NWCOC and its employees operate at the will of the Committee and are the intermediary between the committee, the apprentice, and the training agent.

Equal Opportunity Policy

It is the policy of this committee that any member, training agent or representatives who act on behalf of this committee, training agents or representatives shall:

- Provide equal opportunity in the recruitment, selection, employment and training of apprentices without regard to race, color, religion, sex, sexual orientation, national origin, marital status, age (where the individual is 18 years or older), expunged juvenile record, family relationship, opposition to safety and health hazards, mental or physical disability or association with anyone of a particular race, color, sex, sexual orientation, national origin, marital status, age or religion.
- Uniformly apply rules and regulations concerning, but not limited to, equality of wages, periodic advancement, promotion, or performance, rotation among all work processes of the trade/occupation, assignment or work, imposition or penalties or other disciplinary matters and all other aspects of the administration of an apprenticeship program to all apprentices during their apprenticeship according to the United States Code, Code of Federal Regulation and Oregon State Law.

Joint Apprenticeship Training Committee

To operate a registered Apprenticeship Program, Oregon statute (ORS 660.135) requires the formation of a local Joint Apprenticeship Training Committee (JATC). The JATC, henceforth referred to as the Committee, ensures that your Apprenticeship Program is operated according to all applicable state and federal regulations.

COMMITTEE COMPOSITION

The committee is made up of principle and alternate representatives from construction contractors registered with the program and are required to have an equal number of employee and employer representatives. There may be as few as four and as many as eight principal committee members. In addition, each principal member is encouraged to have an alternate member on the committee.

ELECTED POSITIONS

Employer Representative: a management-level member who represents training agent employers or an employer organization in the construction industry. These people can have hire/terminate abilities.

Employee Representative: a craft worker employee of a training agent who is representative of employees and their concerns regarding the program industry. Employee representatives are or have been a skilled practitioner in their represented industry and may not have hire/terminate abilities.

Alternate Representative: may vote in the place of employer and employee representatives when they are absent from the meeting. Alternates shall serve in the absence of principal members consistent with ORS chapter 660.135(2).

Other Representative: The committee allows non-voting public members. Student representatives are highly encouraged.

Chair: a committee member representative who has been elected to reside over and oversee operation of the committee. This position is held by either an Employee or Employer representative.

Secretary: a committee member who is responsible for recording all actions taken at the meeting. This position is held by the opposite representative from the Chair.

COMMITTEE MEMBERSHIP PROCESS

Potential Committee members shall complete a bio form and attend a meeting where they will be considered.

Employee representatives must vote to nominate and approve or deny all employee applicants. Employee representatives must be skilled practitioners of the trade and shall not be supervisors as defined by the National Labor Relations Act.

Employer representatives must vote to nominate and approve or deny all employer applicants. Employer representatives are supervisors. (See OAR 839-011-0074)

Apprentice representatives serving on the Committee are an important voice although not considered full members of the Committee and are not able to vote.

All communications and discussions at meetings are considered confidential. At no time should an apprentice representative discuss specific apprentice situations outside of the Committee.

The representatives shall serve for no less than one year and no more than two years without an election.

Committee representatives will be removed by request, due to inactivity, or failure to abide by the policies and procedure outlined by the Standards, the Apprenticeship Policies & Procedures, and Oregon State Apprentice and Training Council (OSATC) (ORS 660.120). Inactivity can be considered after 3 consecutive meeting absences. Inactivity will be addressed by the Committee prior to removal.

COMMITTEE MEETINGS

The Oregon-Columbia Roofers usually meet on the **second Wednesday of the month**. All requests to be on the agenda are due no later than noon on the Friday before the meeting.

COMMITTEE RESPONSIBILITIES

Propose and uphold the Apprenticeship Training Standards that summarize the skills to be learned.

- Assume responsibility for the successful implementation of the Standards.
- Develop or assist in developing related (classroom or lab) instruction programs.
- Review each apprentice's progress at least once every six months.
 - Rerates
 - Academic Plans
 - Corrective Actions
 - Discipline Probationary Periods
- Report all meeting minutes to BOLI.
- Hear and rule upon apprentice and training agent complaints.
- Determine the quantity and quality of on-the-job training.
- Develop Equal Employment Opportunity guidelines and implement appropriate Affirmative Action plans and Anti-Harassment Policies and Procedures.
- Maintain apprenticeship records for a minimum of five years.
- Establish qualifications for applicants.
- Advertise and promote apprenticeship openings.
- Select apprenticeship applicants based upon specified selection methods.
- Approve apprenticeship agreements for selected applicants.

- Approve training agents and remove such approval when appropriate.
- Annually determine the average journey wage for participating employers.
- Abide by all rules and policies of the OSATC.

COMMITTEE ACTIONS

For decisions to be made at a committee meeting there must be a quorum. State statute ORS 660.135(4) defines a quorum as at least two employers and two employee representatives. The Committee follows *Robert's Rules of Order*.

All committee actions must include the following components:

- The *motion* is the basis for all action taken at a meeting. Without a motion, no report can be adopted, no new business introduced, no discussion closed, and no action approved.
- No motion can be considered or discussed until it receives a *second*.
- After *discussion*, all voting committee representatives cast their vote. Only principal committee representatives and those alternate that are substituting for principal representatives may vote.

FUNDING AND PROGRAM COSTS

Funding for apprenticeship is provided by the Construction Industry Training Trust (CITT), to which training agents invest. The Committee covers 100% of the cost of related training. Apprentices may be billed for any costs associated with lost books, retested and no shows, including lab, tuition, and fees. See *Retesting and No-Show Policies*.

Apprentice Responsibilities

While the Committee is responsible, under Oregon state law and administrative rule, for the Apprenticeship Program, a part of this responsibility is shared by the apprentice, who is expected to cooperate with the Committee during the development of their career.

APPRENTICE RESPONSIBILITIES

- **Attitude.** Apprentices are in a program to learn a trade. They are expected to be positive, ask questions, and be ambitious.
- **Good Communication.** It's one of the keys to success in the apprenticeship program. An apprentice is expected to have good communication with their coordinator, their employer, their instructor, and the Committee. They are expected to respond to phone calls and correspondence in a timely manner.
 - An apprentice must contact the apprenticeship office when:
 - They have a change of phone, address or email
 - They are out of work or had a change of employment
 - They have a change in county selection
 - They will miss or have missed a class
 - An apprentice is encouraged to subscribe to Flash Alert to receive emergency communications from the College:
- The link to subscribe is in the footer of the website nwcoc.com
- Annual renewal of the subscription is needed to keep the service active while in the program.
- **Monthly Progress Reports (MPRs).** MPRS are due on the 1st of the month. There is a 9-day grace period, therefore, MPRS submitted after the 10th of the month are considered late. MPRS that are not signed or completed correctly will be returned as incomplete. If incomplete MPRS are not finalized and resubmitted by the due date, they are considered late. See *Monthly Progress Reports for the full requirements*.
- **Related Training.** Apprentices are expected to attend **ALL** related training classes. Apprentices must contact their instructor and coordinator if they miss class.
- **On-the-Job Training (OJT).** Apprentices will work with their coordinator regarding dispatch and work for registered training agents (TA). OJT hours will not count if an apprentice is working for a non-approved TA.
- **Follow Directions.** Apprentices are expected to diligently and faithfully perform the work assigned by their supervisor or instructor in support of their education.
- **Work Safe.** Apprentices are expected to learn, develop, and practice safe work habits. They will complete safety training within the first 1000 hours of the program. Safety is everyone's responsibility.
- **Apprentice Ambassador.** An apprentice is expected to conduct themselves in a professional manner at all times as a representative of their apprenticeship program.
- **Punctuality.** Apprentices are expected to be on time for work and class.
- **Wear Appropriate Clothing and Footwear.** Apprentices are expected to wear clothing and footwear appropriate for the time of year, for the work they will be doing and while in related training.

APPRENTICESHIP REGISTRATION AGREEMENT

The Apprentice Registration Agreement is a legal, binding document between the apprentice, the Committee, and the State of Oregon. The terms and conditions are contained in the Agreement including the start date of the apprenticeship.

This form is sent to BOLI after an apprentice is dispatched for the first time and the Committee approves the new agreement. BOLI processes the form, registers the apprentice to the program, and assigns an agreement number. The State also sends an apprentice card which should be carried along with other certifications.

Student Code of Conduct

The College reserves the right to take necessary and appropriate action to protect the safety and wellbeing of the campus community and property. The College President has delegated matters of discipline to the Disciplinary Committee which will consist of two or more College Directors. The Committee is responsible for the development and implementation of policy related to the adjudication of issues related to student conduct. However, in all events, the College President retains the right to impose discipline and change, delete, or add to the policies and decisions developed by the Committee.

Disciplinary procedures have been established to guide the fair and uniform enforcement of the Code of Conduct. These procedures are applicable to any applicant, student, or program participant charged with a violation of the Code of Conduct.

The following are prohibited:

1. Use or threat of physical violence.
2. Verbal abuse, threats, intimidation, harassment, coercion, and/or other conduct that threatens or endangers the health, safety, physical, or emotional well-being of any person or interferes with student studies or programs.
3. Engaging in discrimination based on race, color, national origin, gender, gender identity, sexual orientation, age, religion, disability, or any other legally protected status.
4. Cyberbullying, misuse of technology and electronic communication to include social media, email, or messaging platforms) to harass, threaten, or harm others, or to share offensive or inappropriate content.
5. Sexual assault, which is defined as: deliberate physical contact of a sexual nature (or threats or attempts thereof) which is against the victim's will, with or without their consent.
6. Sexual harassment, which is defined as: unwelcome sexual advances, requests for sexual favors, and any other verbal or physical conduct of a sexual nature.
7. Invasion of Privacy to include unauthorized recording, photography, or distribution of images, audio, or video of individuals without their consent, especially in settings where privacy is expected.
8. Retaliating or taking adverse action against anyone for reporting a violation of College policy or participating in an investigation.
9. Conduct that is lewd, disorderly, or indecent.
10. Intentionally or recklessly interfering with College activities.
11. Endangering the safety of persons or property through tampering with fire safety equipment, improper possession or use of flammable or hazardous substances, or improper use of emergency equipment.
12. Unauthorized access or tampering with College systems to access College IT systems, accounts, devices, portals, or records, or interfering with the integrity or security of such systems.
13. Use or possession of any weapon, firearm, fireworks, or projectile-impelling device of any kind on College property.
14. Theft or possession of stolen property.
15. Intentionally or recklessly destroying, damaging, or defacing College property or personal property.
16. Intentionally furnishing false information to the College or any of its employees.

17. Unauthorized presence in, or use of, College premises, facilities, or equipment.
18. Failure to comply with directions of any College officials or employees.
19. Failure to submit to and pass required urinalysis.
20. Failure to attend classes or any other mandatory College activities.
21. Academic Misconduct to include cheating, plagiarism, or other forms of academic dishonesty in connection with coursework and exams.
22. Consumption of illegal or non-prescribed drugs or alcohol on College property, except consumption of alcohol at College-sponsored events is prohibited.
23. Failure to report offers of employment.

Violations of the Student Code of Conduct may result in a variety of disciplinary actions by the College President and/or its Administrators and instructors including, but not limited to, probation, suspension, and/or permanent termination of eligibility to participate in College activities and prohibition from entering onto College property.

Appeal Process: Disciplinary decisions may be subject to review by the Disciplinary Committee, upon the written request of the student, within two (2) working days of initial disciplinary action having been taken.

Upon review of an appeal, the Disciplinary Committee may choose to forgive, lessen, or increase the level of disciplinary action. Decisions will be made at the discretion of the Disciplinary Committee. All decisions by the Disciplinary Committee, upon review of the NWCOC President, will be final.

Probationary Policy

In accordance with the Apprenticeship Standards, all apprentices are subject to an initial probationary period. The first 1000 hours of employment or one year from date of current registration into the program, whichever comes first, shall be considered the Probationary Period for all newly registered Roofer apprentices. During this period, their performance may be evaluated to help them be proficient as an apprentice. Apprentices are expected to utilize this period to evaluate their career in terms of its suitability.

During the initial probationary period, probationary apprentices who fail to adhere to the Standards and the Apprenticeship Policies & Procedures will bypass the *Notice to Appear* status and go directly to *Proposed Cancellation* status. See *Disciplinary Actions*.

Per Apprenticeship Standards, the appeal process is available to apprentices who have completed their initial probationary period. However, the Committee has extended probationary apprentices the courtesy of appealing a termination. Failure to meet appeal deadlines for any reason will result in denial. See *Disciplinary Actions*.

Training Agents

Training Agents (TA) are approved construction companies registered through the Committee with the State and who are committed to training apprentices in accordance with the Standards. They oversee an apprentice's on-the-job training.

Some apprentices will work for the same TA during their entire apprenticeship, and some will work for many. Regardless of the number of TAs an apprentice works for, the goal of the Committee, TA and the College is to support them in meeting the requirements to complete the program as a journey-level worker.

The Committee expects apprentices to practice good communication with their TA regarding all aspects of their apprenticeship and employment.

TRAINING AGENT RESPONSIBILITIES

- Ensure proper safety is in place for apprentices.
- When possible, hire women, minorities, and underrepresented individuals.
- Maintain appropriate supervision ratio of journey workers to apprentices as outlined by Apprenticeship Standards.
- Ensure the apprentice is always working directly under journey worker supervision as outlined by the Apprenticeship Standards.
- Pay apprentice correct percentage of journey worker wage as outlined by the Apprenticeship Standards and Wage Scale.
- Ensure that an apprentice's work schedule allows them to attend scheduled related training.
- Must excuse apprentices from work to appear before the Committee for disciplinary review or action—when applicable.
- Confirm hours worked, make comments, and sign off on the apprentice's MPR. It is the apprentice's responsibility to fill out, get signatures and submit their MPR.
- Submit letters to the Committee in support and recommendation of apprentices completing the program.
- Complete the Annual Wage Survey.
- Maintaining a policy prohibiting harassment, discrimination, and retaliation in the workplace; including a clear reporting procedure.
- Report training agent contact changes and updates immediately.
- Follow Dispatch Policy and Procedures.
 - Request apprentices with at least 48-hour notice.
 - Submit Hire and Denial forms in a timely manner for dispatch paperwork.
 - Submit Denial Forms for terminated apprentices in a timely manner.

Certifications

You are required to obtain an OSHA-10 and First Aid/CPR certifications by the end of the first 1000 OJT hours in the program. If an apprentice has certifications that are current, they may be eligible to opt out of these corresponding classes. Contact the coordinator with a request in writing. The coordinator will work with the Registrar to determine eligibility.

Like a state-issued driver license or identification card, an apprentice is required to carry their certification cards on their person while working. An apprentice must be ready to show certifications during a visit from the inspector. Failure to do so may lead to fines for the training agent and disciplinary action for the apprentice.

Replacement certification cards are at the apprentice's expense. Contact the apprenticeship office for further information. Replacement cards are at the discretion of the issuing body.

Apprentices are responsible for keeping track of their certification's expiration dates. If an apprentice has an expired certification, they should first check with their TA, as many have annually scheduled training for recertification. If not, apprentices need to contact their coordinator to make arrangements for recertification.

Keeping certifications current is important because:

- Safety standards and practices frequently change, renewing keeps knowledge current.
- It is easy to forget important rules or fall into dangerous habits without continuing training.
- Employers and clients prefer apprentices who have updated training.
- It keeps everyone safer on the job site.

Best Practice Tip: Once an apprentice receives their certification cards, it is recommended they make copies of the cards and file them away for safekeeping.

OSHA-10

OSHA-10 cards do not have an expiration date, however, it is important, even required by some TAs, to renew training regularly as safety standards and practices are updated regularly.

FIRST AID/CPR

First Aid/CPR training is good for 2 years and is something everyone can benefit from. Regardless of industry, parental status, age or hobbies, an understanding of first aid/cpr is a life skill that could save someone's life.

Veterans Benefits & Military Active Duty

VETERANS BENEFITS –

The Oregon Columbia Roofers program is not yet approved for VA education benefits.

MILITARY ACTIVE DUTY

If an apprentice is called to active duty during their apprenticeship, the Apprentice Agreement is put on hold via a Leave of Absence. When an apprentice returns from active duty, they can resume their apprenticeship. The former TA is obligated to employ them when they return if work is available.

On-the-Job Training & Dispatch Policy

On-the-job training, also known as OJT, is instruction for apprentices that takes place at work with a training agent (TA). During OJT, apprentices work for a TA and learn the work processes outlined by the Apprenticeship Standards.

OJT starts with dispatch. Dispatch to employment is an integral part of the apprenticeship program and is based on approved Apprenticeship Standards. Dispatch is not meant to be used as an employment strategy for individuals, but rather, it is to serve as a means to complete apprentices to journey status in the most efficient manner possible.

DISPATCH RULES

1. Apprentices/applicants are expected to be ready for work when the notification for a dispatch comes in. Apprentices will be notified of dispatch by phone and/or email.
2. Apprentices/applicants are responsible for their own message system. They are expected to have a reliable phone as well as a voicemail system or roommate who will take and deliver a message. They are also expected to have and monitor an email.
3. Regardless of when a notification for dispatch is received, an apprentice/applicant is expected to respond by 9 am the following business day.
4. Declining or failing to respond to a dispatch call may result in disciplinary action.
5. Apprentices/Applicants do not have a choice of jobs. They are required to report to or transfer from any TA as directed by the Committee to ensure a broad -based training experience. Every effort is made to ensure that TAs and apprentices work well together.
6. Apprentices/Applicants are expected to notify the apprenticeship office as soon as possible when they have a change of phone, email, address or if they will be unavailable for a period.
7. The Committee will attempt to keep apprentices continuously employed but cannot guarantee full employment in the industry.
8. Apprentices are expected to contact the apprenticeship office if there is a problem on the job site; they should not ever quit a job without prior approval of the apprenticeship office and/or the Committee. If they quit a job without prior approval, they may be issued a *Notice to Appear* citation by the Committee.
9. An Apprentice is not eligible for dispatch if they are in *Notice to Appear* or *Proposed Cancellation* status.

THE RANKED POOL

The Ranked Pool consists of all the apprentices and applicants, sorted by rank, which are available for dispatch. This is the list an apprenticeship coordinator uses to know who is up next for dispatch.

- All out-of-work apprentices are ranked and dispatched in descending order according to OJT hours and geographical availability.
- If more than one apprentice has the same OJT hours, they will be ranked by out-of-work date, then according to time of day they reported being out of work.

- Eligible applicants are ranked and dispatched according to their application score and area of availability; and after all eligible out-of-work apprentices have been dispatched.
- TAs are required to contact and request apprentices through the apprenticeship office.
See Dispatch Process

ABOUT OUT-OF-WORK APPRENTICES

- Out-of-work apprentices may solicit employment from registered TAs, however, apprentices who are employed may not solicit employment from another TA without first getting permission from the Committee. All employment under this policy must first be approved by the apprenticeship office prior to the apprentice being assigned to the new TA.
- ***Apprentices are not allowed to quit one TA to go to work for another TA under this policy without prior permission.*** All dispatches must originate from the apprenticeship office. This is done to ensure fairness and to comply with the state-approved selection procedures. Any referral or hiring process other than that will not be recognized by the Committee.

THE DISPATCH PROCESS

1. The apprenticeship office will contact the top-ranked apprentice by phone and/or email during business hours with a dispatch opportunity.
2. Regardless of when notification for dispatch is received, an apprentice/applicant is expected to respond by 9 am the following business day. If an apprentice fails to answer a dispatch notification their name will be skipped, and the apprenticeship office will move on to the next person.
3. If an apprentice does not respond to the dispatch notification within the time allotted, their name will be removed from the dispatch list, a letter will be sent giving them a deadline to respond, and they will be subject to possible disciplinary action for failure to respond to a dispatch.
4. When given a dispatch opportunity, apprentices must contact the TA immediately. Failure to contact the TA within 24 hours will be considered a *Failure to Respond to Dispatch* and may result in a *Notice to Appear*.
5. Apprentices must inform the apprenticeship office within 24 hours of the status of the dispatch.
6. Training agents may not count apprentices as official on a job site until all dispatch paperwork is received and processed. An official confirmation with the dispatch date will be sent to the training agent.

REJECTION OF DISPATCH

All the following actions are violations of the Apprenticeship Agreement and will result in a *Notice to Appear* or *Proposed Cancellation* to be issued to an apprentice. An apprentice will be required to appear before the Committee to review their ability to continue in the apprenticeship program:

- Declining a dispatch without cause. Just cause shall include, but not necessarily be limited to illness or family emergency.
- Failing to respond to a dispatch message by the time allotted.
- Accepting a dispatch and not reporting to the job site.

- Declining two (2) dispatches for any reason.
- Probationary apprentices declining a dispatch without just cause or accepting a dispatch and then not reporting to the job site may be terminated from the program by a majority vote of the Committee.
- Applicants are expected to accept the first job available. Applicants are subject to rejection from the program for declining a dispatch without just cause, accepting a dispatch and not reporting to the job site, or failure to respond to dispatch a second time.

RECALL OF APPRENTICE

Training agents may request an apprentice by name if the apprentice has worked for the TA in the past. Apprentices must notify the Apprenticeship Office if they are called directly by the TA for a return to work. All requests and dispatch opportunities must go through the apprenticeship office.

EMPLOYER REJECTION OF APPRENTICE OR APPLICANT

Training agents have the right to decline an apprentice/applicant who has been dispatched to them if they fail to meet their normal employment requirements. Rejection on the basis of gender or ethnicity is not considered “normal employment requirements.” When rejecting an apprentice/applicant, the TA must state the reason for the rejection on the appropriate form. Any apprentice/applicant who is rejected by a TA will be restored to their place on the dispatch list.

If an apprentice/applicant fails to meet safety standards, i.e. failed drug test, unsafe performance, disregard for safety protocol, etc. they will be counseled by the Apprenticeship Director and a plan to correct the behavior will be put in place before they are returned to the out-of-work list. A training agent may reject an apprentice or applicant for a variety of safety related reasons. However, the Drug and Alcohol Policy will be followed when the training agent specifically discloses a failed drug or alcohol result. In this case, any cost associated with a failed drug test for returning to the dispatch list will be the responsibility of the apprentice/applicant. See *Drug and Alcohol Policy*.

ROTATING TO ANOTHER TRAINING AGENT

Apprentices must meet requirements in each of the work processes listed in the Apprenticeship Standards. If it is determined that an apprentice is not able to get one or more work processes with a current TA, the apprentice may be rotated to a different TA.

1. An apprentice is expected to discuss work process requirements with their training agent as the TA may be unaware of the work process status and goals and may be able to shift things around to ensure the apprentice is able to meet the requirements of their program.
2. If an apprentice is unable to resolve issues on their own, they need to contact their coordinator for assistance.

Best Practice Tip: An apprentice is required to have a minimum of 50% of the hours in each work process (in addition to the overall OJT requirements) to complete their program. It is an apprentice’s responsibility to track their hours and notify the apprenticeship office when a different type of work process experience is needed.

SPECIAL CIRCUMSTANCES

From time to time there are occasions where an apprentice's workplace and/or related training behavior or performance at work is such that it would be imprudent of the Committee to dispatch them to another training agent. In all cases, the health and welfare of the apprentice and those with whom they may work and attend school with, shall be the major consideration.

It will be left at the discretion of the Director of Apprenticeship to determine whether to immediately remove the individual from the dispatch list or wait for the Committee to take action at their next scheduled meeting. Any actions taken prior to a meeting by the Director would be communicated to the Committee for their review and approval.

Monthly Progress Reports

Monthly Progress Reports (MPR) are fundamental to the success of an apprentice. They are used to record and communicate to BOLI each apprentice's progress while participating in the apprenticeship program. MPRs are also used by the Committee to evaluate the progress and performance of each apprentice when making decisions regarding advancements. MPRs are the responsibility and obligation of each apprentice.

MPRs must be submitted monthly whether the apprentice is employed or not.

MONTHLY PROGRESS REPORTS ARE

- Daily Recordings of:
 - Total hours of work performed in each specific Work Process.
 - Total working hours on the job each working day.
- Monthly Records of:
 - The total of all hours performed in each Work Process each month.
 - Total of all hours worked on the job to date.
 - Performance evaluation by the TA.
 - Supervisor signature verifying hours worked.
 - Apprentice signature confirming complete and correct information.

MONTHLY PROGRESS REPORT DUE DATE

- MPRS are due on the 1st of the month. There is a 9-day grace period, therefore, MPRS submitted after the 10th of the month are considered late.
 - **Ex:** Hours worked in the month of June are due no later than July 10th.
 - MPRS that are not completed correctly will be returned as incomplete.
- MPRS are submitted electronically through the Portal.
- MPRS are an apprentice responsibility.

Best Practice Tip: Monthly Progress Report worksheets should be filled out daily. The best time to do this is at the end of each day when an apprentice is filling out their company timecard. Keep records to the closest ½ hour. Apprentices should have a supply of worksheets to last for several months. Worksheets can be downloaded from the Resource page on the NWCOC website or picked up at the apprenticeship office.

MONTHLY PROGRESS REPORTS ARE IMPORTANT

- MPR hours indicate when an apprentice is potentially ready for advancement or rerate.
- MPRS are evaluated by the Committee at least once every six months to review an apprentice's progress and program status.

- OJT from MPRs is reported monthly to BOLI which also monitors an apprentice's progress and program status.

FAILURE TO SUBMIT A MONTHLY PROGRESS REPORT

- Apprentices who fail to submit an MPR will be subject to disciplinary action as follows:
 - **First Missing or Late MPR:** After the 10th of the month the Committee will send a *Non-Compliance* letter. A copy of this letter is also sent to the TA.
 - **Second Missing or Late MPR:** Apprentices will be sent a *Notice to Appear* before the Committee (via certified mail) to discuss their status in the program. A copy of this citation will also be sent to the TA.
 - **Third Missing or Late MPR: Apprentices** will be sent a *Proposed Cancellation Notice* (via certified mail) to discuss their status in the program. A copy of this citation will also be sent to the TA. Failure to attend this meeting may result in termination from the program.
- Per the Probationary Policy, probationary apprentices who fail to submit MPRs will be cited directly to *Proposed Cancellation* status.

How to Submit Monthly Progress Reports

USING THE PORTAL

Go to our website NWCOC.COM.

1. Upper right corner, click the Portal button.
2. Follow the prompts to sign into your Portal.

Use the Daily Columns:

These columns are numbered with the days of the month (1st through 31st). Each day the apprentice should fill in the number, to the closest hour, worked at each work process, and listed in column A.

At the End of the Month:

- Follow the prompts in Portal with entering employment information and all hours. Paper MPR Worksheets are no longer accepted.
- Submit MPR in portal. Once submitted, it will automatically be sent to the employer for approval or disapproval.
- If approved, MPR will be sent electronically to NWCOC. There would be nothing else to do.
- If disapproved, MPR will be sent electronically back to apprentice for editing and review. The apprentice will receive an email letting the apprentice know it has been disapproved and why. Once completed and re-submitted, the process repeats until approved.

UNEMPLOYED MPR

- On the portal, check “Unemployed” in the pop-up window that asks for the date and employer.
- Click Submit. MPR will automatically be approved.

IMPORTANT THINGS TO NOTE

MPRs are not considered received until all information is complete and accurate.

Falsification of any part of an MPR is a serious offense. Falsification of an MPR is grounds for immediate suspension from the program and an automatic *Notice to Appear (Proposed Cancellation* for a probationary apprentice) before the Committee. Falsification of any apprenticeship document may be grounds for immediate termination.

Related Training

Related Training is an integral and required part of the apprenticeship program. It exposes an apprentice to both theory as well as hands-on techniques. The Committee works hard to supply apprentices with the latest information in building techniques and the best quality journey workers as instructors. Apprentices must attend and satisfactorily complete related training instruction prior to completion of the program.

Apprentices start related training once they are dispatched. If an applicant is dispatched after the fall term, they will be enrolled in Introduction to the Construction Trade classes for the remainder of the school year. They will be enrolled in their level 1 classes the following fall term.

REQUIREMENTS

Related training classes are held over two days, once a month for 12-20 hours and on occasional Saturdays throughout the school year. A total of 156 classroom hours is required each year until completion. 625 related training hours are required throughout the duration of the program. Classes normally begin in September and end in June. Roofer apprentices will attend three terms of related training each school year. Apprentices are not paid to attend class.

SUBJECTS

Construction products and materials, basic hand, and power tools, scaffolding and rigging, hazard material recognition, confined space entry, trenching, site excavation, grading, welding, blueprint reading, concrete, asphalt, pipe laying, drilling, work site leadership skills and much, much more!

LOCATION

Most classes are held at Northwest College of Construction 8111 NE Holman St, Portland, OR 97218. Alternate class sites will be communicated by the Registrar or instructor.

INSTRUCTORS

Instructors are skilled practitioners in their represented industry. They instruct classes using NCCER curriculum recommended and approved by the Committee.

PREREQUISITES

None are required.

BOOKS AND MATERIALS

Apprentices will receive books once they are registered for class. Books are normally handed out during the Back-to-School Orientation in the fall. Books are issued at no cost to the apprentice, however, if the book list is lost or stolen, the apprentice is responsible for the replacement cost.

TUITION & FEES

The Committee covers 100% of the cost of related training. Apprentices may be billed for any costs associated with retested and no shows, including lab, tuition, and fees. See *Retesting and No-Show Policies*

LETTER GRADES

Apprentices will use their portal to keep track of their grades. See codes below:

- **LE:** Late Entry
- **NS:** No Show
- **INC:** Incomplete
- **LOA:** Leave of Absence
- **P:** Pass
- **F:** Fail

ATTENDANCE

Apprentices are required to attend all scheduled classes for their program. See Related Training Policy for more detailed information. See codes below:

- **A:** Absent
- **P:** Present
- **T:** Tardy
- **MU:** Made Up

TUTORING

Services are available at local community colleges to help you improve your reading and math skills. It's important to the Committee and training agents that apprentices complete their courses. Occasionally NWCOOC offers Saturday Math Tutoring. Contact your coordinator for more information.

Related Training Policy

ATTENDANCE POLICY

Apprentices with excessive absences will be placed on an Academic Plan and/or a Corrective Action. Excessive absences are defined as two (2) absences in any one term or four (4) absences in an academic year. Excessive absences will result in an automatic *Notice to Appear* before the Committee, during which time the apprentice will be placed on re-rate hold. Class time missed due to tardiness must be made up. Roofers may only make up seat time at designated Saturday make-up classes.

RETESTING POLICY

Apprentices may retake a failed exam after a minimum 48-hour waiting period. Apprentices will be allowed 12 months and two attempts from the date of the initial failed exam to pass the exam. Retests are to be proctored by the Apprentice's instructor and scheduled at the instructor's convenience. If the Apprentice fails the exam three times (initial test and two re-tests), the Apprentice will be required to re-take the class or module training before they may take the test again. Apprentices may be billed for any costs associated with this, including tuition, lab, and books fees.

A Change of Grade form is to be completed by instructors after each attempt and after successful completion of an exam and/or Performance Profile and the appropriate letter grade provided. An Incomplete (INC) will be recorded until the test and performance are passed successfully.

Grades of Incomplete (INC) may be changed to a letter grade of F if work is not successfully completed, or seat-time is not made up within 12 months of the first attempted exam or Performance Profile. Instructors must submit a Change of Grade form for the grade to be changed.

NO SHOW POLICY

Apprentices who miss an entire module are considered a *No Show*. *No Show* Apprentices may not complete the exam or Performance Profile until the training requirement has been met. A *No Show* Apprentice is responsible for enrolling in the missed module when it is next offered, which may not be until the next school year. It is the Apprentice's responsibility to determine when the module will be next offered. Apprentices may be invoiced for any costs associated with this, including tuition, lab and books fees.

**Introduction to the Construction Trades classes are taken prior to starting Level 1 1st year/1st term classes. They are exempt from this No-Show policy and can be made up with the instructor of the missed class.*

MAKE UP POLICY

All Roofer apprentices must register for and attend a make-up class which is scheduled on Saturdays. Roofers may only make up seat time at designated Saturday make-up classes. See Roofer Apprentice Make-up Class Registration form for dates and instructions.

Related Training Absence

Related training is an essential part of the apprenticeship program. The Committee and BOLI monitor how many course hours apprentices are credited with each year, but the Committee realizes that unexpected things come up.

EXCUSABLE

- Death (spouse, child, parent, grandparent, or other as approved)
- Apprentice's own wedding
- Birth of an apprentice's child
- Serious Illness (doctor's note needed)
- Automobile accident or job-related injury (the day of class)

☞ An apprentice will be excused from attending class on the day of the incident; however, all missed classes must be made up.

Note: Absences must be communicated to the coordinator and instructor; it is recommended to send an email. NWCOC staff and instructors cannot excuse an absence, this is a committee function.

MAKING UP THE COURSEWORK

- It is an apprentice's responsibility to talk to their instructor and find out what they missed.
- If allowable per the Related Training Policy, make-up work with the instructor.

Per the Related Training Policy, apprentices with excessive absences, even if they have an excusable reason, will be required to appear before the Committee to explain the absences and work with the Committee to create an Academic Plan.

Transcripts & Release of Information

TRANSCRIPTS

Apprentices can request a transcript of their related training classes and grades as well as a work process breakdown of their on-the-job hours. To request these documents, apprentices need to contact their coordinator.

PRIVACY POLICY

As the Committee's contracted records custodian, NWCOC safeguards apprentice information and ensures its confidentiality. Paper and digital records are confidential and are maintained in locked and/or password protected, secured areas with access limited to those who have need for such records.

RELEASE OF INFORMATION

The Apprenticeship Agreement allows NWCOC to release records to city, state, and federal agencies for the purposes of compliance reviews and program administration.

All other inquiries require apprentice consent to release their personally identifiable education records or files to any individual, agency, or organization.

Leave of Absence

A LEAVE OF ABSENCE IS NORMALLY GRANTED FOR

- An injury that prohibits performance of normal work activities
- Extended illnesses
- Personal hardships
- An anticipated extended absence
- Leaving the area for an extended period (i.e. military service)
- An injury that prohibits performance of normal work activities
 - If an apprentice is injured and requests a Leave of Absence, a physician's evaluation must be submitted along with the request. Before an apprentice can return to the program, a physician's evaluation releasing them back to full duty is also required.

A Leave of Absence (LOA) must be requested in writing. The Committee normally grants an LOA for a period of six months unless the request states otherwise. The Committee is under no obligation to grant an LOA and if it is approved, it will be recorded as a suspension.

During an LOA, an apprentice does not submit MPR's or attend related training. Classes missed while on LOA will be added to an Academic Plan to be followed once the apprentice resumes their program.

An apprentice can return from an LOA at any time prior to the expiration date by notifying the apprenticeship office in writing.

When an LOA expires, an apprentice is required to check in with the apprenticeship office to verify their status. If they do not contact the apprenticeship office, they will be issued a *Notice to Appear for Failure to Communicate*. If an extension to the LOA is needed, an apprentice needs to communicate the request in writing to the apprenticeship office.

Apprentices who do not communicate after the LOA expires; they may be cited with a *Notice to Appear* or *Proposed Cancellation* depending on their specific circumstances.

HOW TO SUBMIT A REQUEST FOR A LEAVE OF ABSENCE

The Committee must have a request in writing. Use a Buck Slip, available at the apprenticeship office or online on the Resources page; or email the coordinator using the sample letter found in the back of this handbook. The request should include name, reason for LOA, start date and projected end date. Requests without a reason may not be approved.

Apprentice Review and Evaluation

Per the Standards, (see ORS 660.137 (4)), the Committee must review and evaluate each apprentice's progress once every six months. At the time of review, the Committee will determine and act based on the apprentice's progress, including but not limited to rerate and disciplinary action.

The Committee will review the following information to determine whether an apprentice is progressing in accordance with the Standards:

OJT TRAINING

- Total Hours
- Work Process Distribution
- Monthly Progress Reports
- Employer Evaluations

RELATED TRAINING

- Attendance
- Passing Grades
- Instructor Evaluation

ADDITIONAL REVIEW

- Other relevant information will be reviewed as needed

After review, the Committee will take one of the following actions and communicate it in writing to the apprentice and the training agent:

- **Advancement and/or completion:** Prior credit, rerate, and completion.
- **Non-disciplinary Hold:** If any of the requirements for rerate or completion have not been met, the apprentice will be *Held* at their current level. The Committee will track the apprentice's progress and will take action when all requirements are satisfied.
- **Suspension:** A suspension is a postponement of both related training and OJT. The Committee grants suspensions for two basic reasons:
 - Leave of Absence: While on a Leave of Absence the record will indicate an apprentice is on *Suspension*. See the Leave of Absence policy.
 - Discipline: The Committee has the option to suspend apprentices for disciplinary reasons. In this case, the purpose of the suspension will be communicated in writing along with the corrective action expectations of the Committee.
- **Exceptional cancellation:** In rare and extreme circumstances, an Exceptional Cancellation may be used.

Advancement

RERATE

Per Apprenticeship Standards, the Committee will review and evaluate for rerate at least once every 6 months. An apprentice, who has been *Held* for a disciplinary reason must have corrected the deficiency before being reconsidered for a rerate. The Committee is under no obligation to restore a lost rerate.

A minimum of 500 hours of OJT and 78 hours of RT are required to be eligible for each rerate. **Note:** Rerates are not automatic and are not guaranteed based on OJT hours alone.

Rerates on *Hold* due to short OJT hours will be considered at the next meeting following confirmation the OJT hours meet program requirements. Rerates are normally made effective the second Monday following the committee meeting.

In a state of emergency, the committee reserves the right to adjust the rerate policy regarding the approval of rerates.

Requirements for Rerate:

- Meet OJT requirements
- Monthly Progress Reports current
- Related training attendance and grades in good standing
- Training agent evaluations on the MPR are positive
- In compliance with the Standards

Per the Apprenticeship Standards, the following periods and percentages show the wage progression for the Oregon Columbia Roofers MA #1282.

Period	Percentage of Journey Worker Wage
1 st	60%
2 nd	65%
3 rd	70%
4 th	75%
5 th	80%
6 th	85%
7 th	90%
8 th	95%

PRIOR CREDIT

Previous experience credit will be granted in blocks of 500 hours. A corresponding number of related training hours may be granted at the same time.

Previous Work Experience	Related Training
500 hours	36 hours
1000 hours	72 hours
1500	108 hours
2000	144 hours

Applicant Process:

During the first year this program is in existence, applicants may submit request prior credit at time of application. This applies equally to all applicants regardless of the method of program entry. This option will be sunset on April 1, 2022.

Requesting Prior Credit as an Applicant:

1. Applicant needs to submit a completed Roofer Work Experience Verification Form. Use separate forms for each employer. *See Sample Forms*
2. Requests are due no later than Noon the Friday before the meeting.
3. If a request for prior credit is not received at time of application and the applicant becomes registered as an apprentice, the request will not be considered until the apprentice has completed 500 OJT hours. *See Apprentice Process below*

Apprentice Process:

Upon completing 500 OJT hours, an apprentice may request prior credit for experience gained prior to entering the program. This applies equally to all apprentices regardless of their method of program entry. Requests are only considered at regularly scheduled Committee meetings.

Requesting Prior Credit as an Apprentice:

1. The apprentice submits a Prior Credit Form to the Committee stating how many hours are being requested. *Request forms from program coordinator.*
2. TA submits a signed Prior Credit Form. *Request forms from program coordinator.*
3. (Optional) Official transcripts, certificates or diplomas from a committee recognized/approved vocational training program or school, relevant military training and/or experience.
4. The apprentice may need to be present for the Committee's consideration of the request.
5. All forms and documentation are due no later than Noon the Friday before the meeting.

Completion

The culmination of an apprentice's hard work and perseverance as well as meeting the Committee's requirements will result in completion of the program and graduation to a Journey-Level Roofer.

Upon completion of the program, an apprentice will receive a certificate from the Committee and NWCOC. A Journey-Worker card will also be issued by the State of Oregon; to be sent separately.

OREGON COLUMBIA ROOFER REQUIREMENTS FOR COMPLETION

- 4000 OJT; at least 50% of required hours in each work process
- A minimum of 625 related training hours
- Related training grades of C or better
- All MPRs submitted
- All related training absences and missed classes resolved

HOW TO REQUEST COMPLETION

1. Contact the coordinator to confirm all requirements have been met.
2. Apprentice submits a letter of request to the Committee. *See Sample Letters*
3. Training agent submits a letter of request to the Committee requesting completion on behalf of the apprentice. *See Sample Letters*
4. Once both letters have been received, the apprentice will be considered for completion at the next committee meeting.
5. All letters are due no later than noon on the Friday before the meeting.
6. If TA does not or cannot supply a letter, the Committee will accept positive supervisor reports on the most recent six months of MPRs.

Disciplinary Actions

The Committee will take disciplinary action for any failure to satisfy program requirements. All disciplinary actions require formal committee action. Actions are supported by relevant statute, regulation and/or committee policy. The Committee will provide written notification of evaluation results and subsequent action to apprentices and training agents, and copies of all related correspondence and supporting documentation will be noted in the minutes of the meeting and submitted to BOLI.

NON-COMPLIANCE

This is not a formal disciplinary action; it is a warning that action will be taken if the apprentice does not comply with committee policy. A non-compliance letter is issued for:

1. Late, missing, or incomplete MPR
2. Absence from a related training class

HOLD

An apprentice can be retained at their current level if they are not adequately progressing in the program. Not all holds are disciplinary, as an apprentice may have insufficient hours to advance due to illness, injury, or the work schedule provided by the TA. If an apprentice is *Held* from a rerate, they will be notified in writing of the reason. If the problem is not resolved within an acceptable period, the committee may take action. An apprentice will not be held indefinitely. See *Good Faith Rerate*

NOTICE TO APPEAR

The Committee can request an apprentice to appear for any reason that they find necessary. The Notice to Appear will be in writing, sent by certified mail, with the date, time, location, and reason the apprentice is to appear.

This letter will be mailed at least 22 days prior to the meeting at which the apprentice is requested to attend. If employed, a copy of the letter will be mailed to the apprentice's TA. Failing to respond to the Committee's request to appear will result in further disciplinary action. The committee standard is to terminate probationary apprentices (those with less than 1000 OJT hours) if they fail to appear at the meeting. Per the Dispatch Policy, out-of-work apprentices who've been cited to appear are not eligible for dispatch.

PROPOSED CANCELTION

This action is taken after the apprentice fails to appear before the Committee, violates their Corrective Action or violates a committee policy or procedure. It is the final step in the termination process. It is a last chance for an apprentice to get back in the good graces of the Committee.

The *Notice of Proposed Cancellation* will be in writing, sent by certified mail, including the date, time, location, and reason that the apprentice is to appear. This letter will be mailed at least 22 days prior to the meeting at which the apprentice is requested to attend. If employed,

a copy of the letter will be mailed to the apprentice's TA. Failing to respond to a *Proposed Cancellation* will result in cancellation from the apprenticeship program. Per the Dispatch Policy, out-of-work apprentices who've been issued a *Notice of Proposed Cancellation* are not eligible for dispatch.

CORRECTIVE ACTION and/or ACADEMIC PLAN

To help apprentices get back on track with their apprenticeship, the Committee may issue either an Academic Plan and/or a Corrective Action.

An **Academic Plan** is a list of missing classes or class components, i.e., seat time, exam, or performance. This plan is agreed upon and signed by both the Committee and the apprentices.

A **Corrective Action** is a disciplinary measure taken by the Committee. This document outlines what an apprentice needs to do to overcome or correct a challenge or mistake. If the apprentice fails to correct the mistake, they go directly to *Proposed Cancellation* status and are reviewed by the Committee for possible termination for cause.

CANCELATION/TERMINATION

Apprentices will receive their termination notice by mail from BOLI. Those who withdraw in good standing will be allowed to reapply during any program opening. An apprentice who has been terminated by the Committee for cause cannot reapply to the program for twelve months. At which time, the re-applying apprentice must submit a written request to the Committee asking permission to reapply and documenting how they plan to be successful. The re-applying apprentice must also appear before the Committee. Once approved by the Committee, the re-applying apprentice can submit their application during the program opening. They may need to complete Jumpstart, regardless of prior experience. Applications received from re-applying apprentices without Committee pre-approval will be rejected.

In rare and extreme circumstances, an *Exceptional Cancellation* may be used.

REINSTATEMENT

An apprentice has 30 days from the date of their termination letter to appeal their cancellation and request reinstatement. The request goes before the Committee for approval. Apprentices must submit a letter and attend the meeting. Letters and confirmed attendance are due no later than noon on the Friday before the meeting. *See Sample Letters*

REASONS FOR DISCIPLINARY ACTIONS

The following is a list of some of the most common reasons the Committee takes disciplinary action:

- Failure to appear before the Committee
- Failure to communicate
- Failure to maintain employment
- Failure to respond to dispatch
- Failure to progress

- Failure to submit progress reports
- Related training attendance
- Related training grades
- Corrective Action and Academic Plan violations
- Failure to progress in the program
- Unsatisfactory performance

RESPONDING TO A COMMITTEE REQUEST

The Committee's goal is to support each apprentice and their success in the program. The Committee is made up of a group of individuals including former apprentices who are volunteering their time to help guide and advise those in the program. Appearing before the Committee is important in solving a problem, overcoming challenges, and ultimately finding the path to completion of the program and success in the construction industry.

If an apprentice is requested to appear before the Committee:

1. Contact the apprenticeship office to confirm attendance.
2. Attend the meeting. Failure to appear at the requested meeting date will result in advancement to the next level in the termination process.

Withdraw from the Program

HOW TO LEAVE THE PROGRAM IN GOOD STANDING

1. Complete a withdrawal form, available at the apprenticeship office or online on the Resources page on the NWCOC website and submit it to the apprenticeship office no later than noon the Friday before the Committee meeting.
2. Request Related Training and OJT transcripts for apprentice's own records.

Note: If the intent to withdraw is not communicated, the apprentice will inevitably be terminated. In this case, an apprentice may not re-enter the program for a twelve-month period. In which time, the apprentice needs to request permission from the Committee to re-apply.

TRANSFERRING TO ANOTHER APPRENTICESHIP PROGRAM

If an apprentice decides to change crafts or move out of the region covered by the program, they may request a transfer to another apprenticeship program.

1. Contact the apprenticeship office with the intent to transfer.
2. Fill out a Buck Slip form and submit it to the apprenticeship office no later than noon on the Friday before the Committee meeting.

Resolution Policy and Procedure

All apprentices are encouraged to contact the apprenticeship office if they are having a problem on the job or in related training. Every effort will be made to resolve the problem. *See also Section X of the Standards*

An apprentice or applicant who would like to file a formal complaint with the Committee must proceed as follows:

1. Submit grievance in writing to the Committee. Allow at least ten (10) working days before the next committee meeting date to have your grievance placed on the agenda. (This is an exception to the procedure of submitting requests and documentation before noon on the Friday before the Committee meeting.)
2. Attend the meeting and attempt a resolution of the dispute.
3. The resolution will be communicated to the apprentice/applicant in writing in addition to being noted in the Committee minutes.

If the apprentice or applicant chooses to request reconsideration of the action taken by the Committee:

Within 30 days of notification of the Committee's final action, the apprentice must submit the request describing, in writing, the reason(s) the apprentice believes the Committee should reconsider the disciplinary action.

Within 30 working days, the Committee must provide written notification of their final decision including the appeal rights of the apprentice if the Committee upholds its decision on the disciplinary action.

If the apprentice chooses to pursue the complaint further:

Within 30 days of notification of the Committee's final action, the apprentice must submit the complaint describing in writing the issues associated with the disciplinary action to ATD. The apprentice must describe the controversy and provide any back up information. The apprentice must also provide this information to the Committee.

Within 60 working days, ATD will complete a review of the record. If no settlement is agreed upon during review, ATD must issue a non-binding written decision resolving the controversy.

Nondiscrimination/Anti-Harassment Policy and Complaint Procedure

NWCOC is committed to a school environment in which all individuals are treated with respect and dignity. Everyone has the right to attend school in a professional atmosphere that promotes equal learning opportunities and prohibits unlawful discriminatory practices, including harassment. Therefore, harassment or discrimination of any sort—verbal, physical, or visual—that is based upon race, color, religion, national origin, age, sex, sexual orientation, marital status, veteran status, disability, genetic information, or any other legally protected characteristic or status, and which disrupts or interferes with another's school performance or creates an intimidating, offensive, or hostile environment, will not be tolerated.

NWCOC has developed this policy to ensure all of its students can attend school in an environment free from unlawful harassment, discrimination, and retaliation. Students who violate this policy will be subject to discipline up to and including termination of enrollment.

Any student who has questions or concerns about these policies should talk with their NWCOC Apprenticeship Coordinator or the NWCOC Director of Human Resources.

These policies should not, and may not, be used as a basis for excluding or separating individuals of a particular gender, or any other protected characteristic, from participating in school-related social activities or discussions. In other words, no one should make the mistake of engaging in discrimination or exclusion to avoid allegations of harassment. The law and the policies of NWCOC prohibit disparate treatment based on sex or any other protected characteristic with regard to terms, conditions, privileges, and prerequisites of enrollment. The prohibitions against harassment, discrimination, and retaliation are intended to complement and further those policies, not to form the basis of an exception to them.

NWCOC is the educational facility for several Joint Apprenticeship Training Committees (JATC). The policies and procedures that follow are jointly observed and enforced.

Sexual Harassment

Sexual harassment constitutes discrimination and is illegal under federal, state and local laws. For the purposes of this policy, “sexual harassment” is defined, as in the Equal Employment Opportunity Commission Guidelines, as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when a) submission to such conduct is made either explicitly or implicitly a term or condition of an student’s enrollment, b) submission to or rejection of such conduct by a student is used as the basis for enrollment decisions affecting such student, or c) such conduct has the purpose or effect of unreasonably interfering with a student’s school performance or creating an intimidating, hostile or offensive learning environment.

Sexual harassment may include a range of subtle and not-so-subtle behaviors and may involve individuals of the same or different gender. All the following may constitute sexual harassment and are prohibited:

- **Verbal harassment** - Epithets, derogatory comments, sexually offensive remarks, or slurs. Examples: Name-calling, belittling, sexually explicit or degrading words to describe an individual, sexually explicit jokes, comments about an individual's anatomy and/or dress, sexually oriented remarks, use of patronizing terms or remarks, verbal abuse, graphic verbal commentaries about the body.
- **Physical harassment** - Assault, impeding or blocking movement, or any physical interference with normal work or movement. Examples: Touching, pinching, patting, grabbing, brushing against or poking another individual's body; hazing or initiation that involves a sexual component; requiring an individual to wear sexually suggestive clothing.
- **Visual harassment** - Derogatory posters, cartoons, or drawings. Examples: Displaying sexual pictures, writings, or objects; displaying or permitting the display of sexually explicit materials on the Internet; obscene letters or invitations; staring at an individual's anatomy; leering; sexually orientated gestures; unwanted love letters or notes.
- **Sexual favors** - Unwanted sexual advances, which condition an educational benefit upon an exchange of sexual favors. Examples: Continued requests for dates; promises of advancement or passing grades; any threat of termination of enrollment, etc., if requested sexual favors are not given; making or threatening reprisals after a negative response to sexual advances; propositioning an individual.

Other Types of Harassment

Harassment, based on any other protected characteristic, is also strictly prohibited. Under this policy, harassment is verbal, written or physical conduct that denigrates or shows hostility or aversion toward an individual because of their race, color, religion, sex, sexual orientation, gender identity or expression, national origin, age, disability, marital status, citizenship, genetic information, or any other characteristic protected by law, or that of his or her relatives, friends or associates, and that: a) has the purpose or effect of creating an intimidating, hostile or offensive school environment, b) has the purpose or effect of unreasonably interfering with an student's school performance, or c) otherwise adversely affects an student's enrollment opportunities.

Harassing conduct includes, but is not limited to, epithets, slurs or negative stereotyping; threatening, intimidating or hostile acts; denigrating jokes; and written or graphic material that denigrates or shows hostility or aversion toward an individual or group that is placed on walls or elsewhere on the NWCOC campus.

Students and Conduct Covered

Every student has a responsibility to maintain a campus free of any form of harassment.

These policies apply to all employees, instructors, administrative staff, board members, JATCs, Training Agents, students and apprentices, whether related to conduct engaged in by fellow students, apprentices, or by someone not directly connected to NWCOC (e.g., an outside vendor, consultant or customer).

Conduct prohibited by these policies is unacceptable on the NWCOC campus and in any school-related setting outside the NWCOC campus, such as during JATC meetings, and College-related social events.

No Retaliation

NWCOC will not permit retaliation against anyone for making a good faith complaint of discrimination or harassment, or for cooperating in an investigation. Students who believe they have been retaliated against in violation of this policy must immediately report their concerns using the procedures outlined below.

Retaliation against an individual for reporting harassment or discrimination or for participating in an investigation of a claim of harassment or discrimination is a serious violation of this policy and, like harassment or discrimination itself, will be subject to disciplinary action.

Reporting an Incident of Harassment, Discrimination or Retaliation

All NWCOC students must immediately report all perceived incidents of discrimination, harassment or retaliation, regardless of the offender's identity or position. Students who believe that they have been the victim of such conduct should discuss their concerns with their NWCOC Apprenticeship Coordinator, or the NWCOC Director of Human Resources. See the complaint procedure described below.

In addition, NWCOC encourages students who believe they are being subjected to such conduct to promptly advise the offender that his or her behavior is unwelcome and to request that it be discontinued. Often this action alone will resolve the problem. NWCOC recognizes, however, that a student may prefer to pursue the matter through complaint procedures.

Please note that under Oregon law, effective October 1, 2020, students have six years within which to bring certain legal claims regarding sexual assault or discrimination based on race, color, religion, sex, sexual orientation, national origin, marital status, age, expunged juvenile records, uniformed service, or disability. In addition, an educational institution may not require or coerce a student to enter into a nondisclosure or non-disparagement agreement that prevents the student from discussing discrimination or sexual assault that occurred at school or between students. However, a student may request that a nondisclosure or non-disparagement provision be included in a settlement agreement and the student has seven days after signing such an agreement to change their mind before the agreement becomes final.

Complaint Procedure

Students who believe they have been the victims of conduct prohibited by this policy or believe they have witnessed such conduct should discuss their concerns with their NWCOC Apprenticeship Coordinator or the NWCOC Director of Human Resources. Apprentices in this situation, while working on a jobsite, should report directly to their Training Agent (Employer) and the NWCOC Director of Student Services and Apprenticeship Administration.

NWCOC encourages the prompt reporting of complaints or concerns so that rapid and constructive action can be taken before relationships become irreparably strained. Therefore, while no fixed reporting period has been established, early reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of harassment.

Student Reporting Process (if the incident occurred on the NWCOC campus):

1. Report the complaint to the NWCOC Director of Human Resources
2. While the initial complaint may be made verbally, a written statement of complaint will be required. Complaints should include the details of the incident(s), the names of the individuals involved and the names of any witnesses.

3. NWCOC will investigate.
4. NWCOC will maintain confidentiality throughout the investigatory process to the extent consistent with adequate investigation and appropriate corrective action.
5. NWCOC will take corrective action when an individual is determined to have acted in violation of this policy. Corrective action may include a range of disciplinary measures up to and including termination of a student's enrollment.

NWCOC Contact Information:

Marcus Johnson, Director of Accounting & Human Resources, marcusj@nwcoc.com, 503-256-7300 ext. 230

Sara Brady, Director of Student Services & Apprenticeship, sarab@nwcoc.com, 503-256-7300 ext. 242

Apprentice Reporting Process (if the incident occurred on a jobsite):

The reporting process for an apprentice is different if the incident involves an apprentice on a job site. In that case, the Training Agent, as the employer, is responsible for conducting an internal investigation of the allegations. The apprentice should follow the following steps:

1. Report the incident to the appropriate person with their employer. The employer's complaint process is to be followed.
2. Report the incident to the Director of Student Services and Apprenticeship
3. Provide a written statement that includes the details of the complaint, the names of the individuals involved and the names of any witnesses to the Director of Student Services and Apprenticeship.
4. The Training Agent should administratively separate the employees while the investigation is completed.
5. Keep the Director of Student Services and Apprenticeship apprised of the status of the complaint and if their employer (the Training Agent) places the apprentice on a job site with the individual(s) subject to the investigation.

When an incident is reported on a job site, the JATC has an ethical responsibility to ensure the safety of the apprentices. As such, the JATC will withhold dispatching another apprentice to the same location or with the same individuals subject to the investigation until the incident is resolved. The JATC will withhold dispatch until they are informed that the investigation is complete and resolved.

Misconduct constituting harassment, discrimination or retaliation will be dealt with appropriately. Responsive action may include, for example, training, referral to counseling or disciplinary action such as a warning, reprimand, withholding of advancement or passing grades, or termination of enrollment, as NWCOC believes appropriate under the circumstances.

Individuals should keep in mind that allegations of harassment and discrimination are potentially very serious to the individual charged; while such allegations should be made whenever warranted, they should be made with accuracy and veracity.

Political Activity

It is a violation of ORS 260.432, the Little Hatch Act, or ORS 260.655, undue influence, for any Committee member or delegates that act on behalf of Committee, to direct apprentice of any committee to perform political activities of any sort or to make progress in or retention in an apprenticeship program dependent on the performance of such activities. Political activities can include, but are not limited to, posting flyers, placing yard signs, working on phone banks, mailings, collecting funds, etc.

Any complaint by an apprentice regarding involuntary political activity, retaliation against an apprentice for refusal to participate in political activity or for reporting to BOLI an attempt to require political activity, will be immediately investigated by the State. They shall report to the OSATC the findings of their investigation for appropriate action by the Council.

Violations of this policy could result in corrective action by the Council up to and including dissolution of the committee and election violation charges being filed against the individuals involved.

Geographical Jurisdiction Policy

Pursuant to ORS 660.120(2), Committees shall approve traveling (visiting) contractors and their use of apprentices pursuant to the following procedures:

- The traveling contractor must be registered as a training agent in good standing with a committee in the geographical area where his/her principal place of business is located.
- Upon approval in the foreign jurisdiction, the traveling training agent may transport apprentices from their home jurisdiction. If the home jurisdiction does not provide related training for the apprentices, arrangements may be made with the foreign jurisdiction.

Drug and Alcohol Policy

POLICY STATEMENT

In recognition of the harmful effects that the use of drugs and alcohol can have on students and program participants, the Northwest College of Construction (NWCOC) has a responsibility to see that the NWCOC campus is both drug and alcohol free. This responsibility comes in light of recent studies showing that students and program participants who are under the influence of drugs or alcohol are much more likely to cause or be involved in accidents. Therefore, the NWCOC has implemented a Drug and Alcohol-Free Campus policy that includes provisions relating to the testing of students and all other program participants.

PROVISIONS

This policy originally became effective March 1, 2006, and was updated December 16, 2020. It applies to all students and individuals receiving services at NWCOC.

NWCOC hereby designates the Director of Apprenticeship and the Director of Craft Training as the administrators of this policy.

NWCOC will not tolerate the possession, use, transfer, or sale of alcohol, illegal drugs, or drug paraphernalia on NWCOC campus property or at a job or training site related to NWCOC or its administrated apprenticeship programs, including the NWCOC parking lot. *Illegal drugs are defined as mood-altering substances which cannot be obtained legally, or which are legal, but are obtained illegally. Marijuana is a Schedule I controlled substance; its use is illegal under federal law. Some states permit marijuana for personal use or to treat medical conditions when supported in writing by a licensed medical doctor. These are not acceptable reasons for the presence of marijuana in an individual's system under this Policy. It is the Policy of NWCOC that the use of marijuana in any form is prohibited regardless of the reason for use.

*The only exception to the prohibition of the consumption of alcohol on NWCOC campus property is where alcohol is served at a NWCOC-sponsored function. In that event, individuals are expected to drink responsibly.

Individuals are prohibited from attending classes or participating in programs or activities when they are impaired by alcohol or drugs, including prescription drugs which affect judgment, alertness, or motor skills. Individuals should ask their physicians whether prescription drugs may impair their coordination and, if so, should notify their instructor and coordinator.

DRUG AND ALCOHOL TESTING PROCEDURE

College Administered Testing: All testing for illegal drugs will be conducted by the testing of an individual's urine specimen. Tests for alcohol can be administered through blood, urine, saliva, or a breathalyzer. Trained professional contractors will conduct all specimen collections. The results of all college administered tests will be provided to NWCOC through a reputable provider. Individuals will be given an opportunity to discuss potential test results with a NWCOC arbitrator prior to testing. The NWCOC will follow up on such information as deemed appropriate.

Individuals will sign the multi-drug screen form. This signature establishes consent and the beginning of the UA. People who begin the UA process but leave for any reason without providing a negative sample or a large enough sample to test in person or at the lab, will be recorded as 'Positive' regardless of all circumstances and appeals will not be considered for this situation.

Refusal to submit to testing as required and/or permitted under this Policy, or falsification of a test, will be regarded as a 'Positive' test result regardless of all circumstances and appeals will not be considered for this situation. Failure to appear for testing as scheduled is considered a refusal to submit to testing.

All drug and alcohol test-related information is confidential. All information obtained regarding drug and alcohol testing of individuals shall be treated as a confidential medical record. Information on test results shall be communicated only to those who need to know in order to implement the Policy and ensure safety and proper treatment of tested individuals.

Individuals whose urine samples test 'Positive' will be suspended immediately from participation in NWCOC activities for six (6) months at the end of which time they will be eligible for retest at their expense.

APPRENTICESHIP COMMITTEE POLICY:

The apprenticeship committee follows all NWCOC drug and alcohol policy provisions and procedures therefore any individual who test positive for alcohol impairment or illegal drug use will be ineligible for services by NWCOC or the apprenticeship program for a minimum of six (6) months.

- a) Applicants: Individuals who are applicants and test positive for alcohol impairment or illegal drug use, pursuant to the provisions otherwise set forth in this Policy, shall be denied selection and their application will be officially rejected.
 - i. Individuals may reapply when six (6) months have passed from the date of the failed exam. Individuals who reapply are eligible to retest at their expense.
 - ii. Individuals who are rejected as an applicant due to a positive test result may not reapply to a different trade administered by NWCOC for at least six (6) months because they are suspended from participating in NWCOC activities.

- b) Apprentices: Individuals who are apprentices and test positive for alcohol impairment or illegal drug use, pursuant to the provisions otherwise set forth in this Policy, shall be suspended for six (6) months and will be placed on an administrative leave of absence (LOA). At the end of the LOA, individuals must test negative before being placed on the dispatch list. The cost of this retest will be at the apprentices' expense.
 - i. Should a second positive exam be administered; the apprentice will be terminated for cause.
 - ii. Apprentices may not apply to a different trade administered by NWCOC for at least six (6) months because they are suspended from participating in NWCOC activities.

Individuals who complete an appropriate alcohol treatment or drug rehabilitation program may submit official documentation and a written request for reconsideration of the six (6) month suspension of services. For this provision, individuals must provide the Apprenticeship

Committee with a certified statement from an accredited rehabilitation program recently successfully completed. If approved by the apprenticeship program, NWCOC will review the apprenticeship program's decision and consider the specific circumstances to possibly allow services earlier than the normal six (6) month suspension of services. The Apprenticeship Committee reserves the right to make alternate arrangements.

Training Agent Administered Drug and Alcohol Testing: Training Agents may test individuals for a pre-hire, for cause or random screening. TAs who report an apprentice's inability to meet company safety standards or alluding to a failed exam will not be handled as a failed exam. TAs reporting failed drug or alcohol testing will be handled with the same process as college administered exams.

Additional Procedures

Positive UAs are recorded when the sample tests positive for any of the following: alcohol, amphetamines, cocaine, methamphetamines, opiates, and THC (marijuana). The temperature must be between 90-100 degrees to be a valid sample. Positive UAs are also recorded when someone begins the UA process but is unable to provide a valid sample.

Individuals taking a prescription drug that may be the cause of a positive drug test will be asked to provide the name of the medication, the pharmacy where the prescription is filed, and the identity of the prescribing physician. If this information is verified, the Individual's test results will be reported as negative.

Inconclusive results will be confirmed by the Gas Chromatography/Mass Spectrometry (GC/MS) confirmation method. At time of testing, individuals have the right to request, by way of a written statement, to have their Positive samples to be sent a certified laboratory for confirmation testing. It is also the individual's right, by way of a written statement, to waive additional testing of the sample if you do not want the confirmation test performed. Samples that are too small cannot be confirmed at the lab and the individual will be given an opportunity to retest within 60 minutes. Failure to provide a large enough or second sample within the required time will be recorded as a positive test. Individuals who begin the UA process but leave for any reason without providing a negative sample or a large enough sample to test in person or at the lab, will be recorded as 'Positive' regardless of all circumstances.

If, during the collection procedure, the collection monitor detects an effort by the individual to adulterate or substitute a specimen, a second specimen will be requested. If the request for a second specimen is refused, that refusal will be considered as a positive test result by NWCOC.

In the event that an individual submits a specimen that the laboratory later identifies as a diluted specimen, NWCOC will advise that individual of the finding and request that the employee submit a second specimen. The individual will be advised not to drink any fluids prior to the second test.

Individuals may not refuse to take a drug/alcohol test when requested to do so. Such a refusal will be considered equivalent to testing positive for illegal drugs or alcohol. Additionally, Individuals who acts in a way such that will obstruct the testing process will be considered as refusing to test.

NWCOC retains the right to require a student or program participant to be tested for the use of alcohol, illegal drugs, or the use of prescription medication if an individual's physical appearance

or pattern of behavior gives NWCOC representatives reason to believe the individual is impaired because of the use of or consumption of substances that would endanger their well-being or the safety of fellow students, program participants, or the general public. The basis of suspicion of drug or alcohol abuse may be specific, contemporaneous, or conduct-evidencing impairment over a period of time.

Individuals may be subject to random drug testing.

Sample Letters

REQUEST FOR COMPLETION

To be placed on a committee agenda for completion, you and your employer need to provide letters, in your own words, stating that you are working at journey-level. Letters are due no later than noon on the Friday before the meeting.

Apprentice: <https://nwcoc.com/wp-content/uploads/2025/07/Request-for-Completion-APPR-7-13-23.pdf>

Training Agent: <https://nwcoc.com/wp-content/uploads/2025/07/Request-for-Completion-TA-7-13-23.pdf>

REQUEST FOR PRIOR CREDIT

Your request will go before the Committee for approval. You and your previous employer(s) need to provide Prior Credit Forms stating how many OJT hours and in what categories or related training hours and from what curriculum requirements you are requesting. Forms are due no later than noon on the Friday before the meeting. Request forms from the coordinator.

REQUEST FOR LEAVE OF ABSENCE

Your request will go before your committee for approval. It is due no later than noon on the Friday before the meeting.

Date

Dear Committee Members,

I, ***your name***, am requesting a Leave of Absence (LOA) for ***reason***.

Use this paragraph to explain your reason. There should be 3-4 sentences. Your committee requires an explanation.

I am requesting my LOA to start on ***date*** and I expect to return on ***date***.

I understand that I am responsible for keeping my contact information current during my leave.

Best Regards,

Your Name & Signature

Your Contact Information

REQUEST FOR REINSTATEMENT

If your Apprenticeship Agreement was terminated by the Committee, you have 30 days from the receipt of the letter to request a reinstatement of your Apprenticeship Agreement.

Your request will go before the Committee for approval. You need to submit your written request and confirm your attendance at the meeting no later than noon on the Friday before the meeting.

Date

Dear Committee Members,

I, ***your name***, am requesting to be reinstated into the ***Trade*** Program. I entered the program on date. I was canceled for the following reasons: ***list reasons***.

Paragraph 1: Explain what led to your cancelation.

Paragraph 2: Explain why the committee should approve your request to re-enter and how you plan to be successful in the program this time around.

Thank you for considering my request.

Best Regards,

Your Name & Signature

BASIC LETTER OF REQUEST

If none of the other Sample Requests fit the parameters of your request, please use this basic format. Please consult the coordinator with questions.

The request will go before the Committee for approval at the next scheduled meeting. The request needs to be received and attendance at the meeting confirmed (if applicable) to the coordinator no later than noon on the Friday before the meeting.

Date

Dear Committee Members,

I, ***apprentice name***, am requesting ***state request in simplest form***.

Paragraph 1: Explain request in further detail. Include an effective date.

Paragraph 2: Explain why this is being requested from the Committee and how this will help in the apprenticeship program.

Thank you for considering the request.

Best Regards,

Apprenticeship Terms

Additional Documentation	Documentation to accrue application points for ranking.
Advancement	Wage increases over time as apprentices advance in their knowledge, skills, and abilities. <i>Also referred to as Rerate.</i>
Apprentice Applicant	Or just <i>Applicant</i> . A person who has applied for entry into the apprenticeship program.
Applicant Rank List	Applicants to a specific trade ranked in order of application score.
Apprentice	A person who is registered with the appropriate state authority and dispatched to a training agent for a prescribed period, to learn by practical experience under a journey-level craft worker.
Apprenticeship Agreement	A written agreement between an apprentice and either the training agent or the local joint committee that contains the minimum terms and conditions of the employment and training of the apprentice. <i>Also referred to as State Paperwork.</i>
Apprenticeship Committee	Those persons designated by the participants to act for them in the oversight of the program. In Oregon, a committee must be joint, i.e., it is composed of an equal number of employers and employees. The committee's purpose is to conduct, operate, or administer an apprenticeship program and enter into apprenticeship or training agreements with apprentices or employers. <i>Also known as JATC or TATC.</i>
Apprenticeship Program	An approved plan containing all terms and conditions for the qualification, recruitment, selection, employment, and training of apprentices.
Apprenticeship Standards	Written agreement between the JATC/TATC and BOLI which sets forth a plan containing all terms and conditions for the employment and training of apprentices.
ATD	Apprenticeship and Training Division of Oregon Labor and Industries. The division serves as consultants to help programs, interpret laws, rules, regulations, policies, and functions related to apprenticeship operation.
BOLI	Oregon Labor and Industries. A state bureau in charge of regulating all functions of the ATD and apprenticeship Committees.
BOLI Codes	State codes used to describe actions taken at a committee meeting.
Buck Slip	Form used to communicate with the apprenticeship office concerning address changes, unemployment and leave of absence requests.

Dispatch	A referral by the apprenticeship office of an apprentice to a training agent.
Dispatch Date	The date that an individual begins working as an apprentice.
EEO	Equal Employment Opportunity. All individuals are recruited, selected, employed, and trained during their apprenticeship, without discrimination because of race, color, religion, national origin, or sex.
Eligible Applicant	A person who has met the minimum qualifications to enter the apprenticeship program according to the Standards.
Hold	Committee Action: Retaining an apprentice at the same level if he or she is not adequately progressing in the program. Not all holds are disciplinary, as an apprentice may have insufficient hours to advance due to illness or injury or the work schedule provided by the training agent. Holds are usually, but not always, issued in re-evaluations and are never indefinite.
JATC/TATC	Joint Apprenticeship Training Committee or Trades Apprenticeship Training Committee – see also Apprenticeship Committee.
Journey worker	An individual who has skills, knowledge, experience and training necessary to be considered a competent practitioner of the trade.
Meeting Minutes	The official record of committee actions which may include terminations, registrations, and other apprenticeship business.
Minimum Qualifications	Documentation required to register for a trade.
Monthly Progress Reports (MPR)	A form used to track apprentice on-the-job-training (OJT) hours according to work processes.
Non-compliance	Committee Action: This is not a formal disciplinary action, it is a warning that action will be taken if an apprentice does not comply with committee policy. It may be issued for failure to send in monthly progress reports, attend related training or other violation of the apprenticeship agreement.
Notice to Appear	Committee Action: A communication indicating an action taken at a committee meeting for an apprentice to appear before the Committee.
OJT	On-the-job training. The primary learning experience for apprentices is the learned skill apprentices receive while working on a job site under a certified journey-worker.
OSATC	Oregon State Apprenticeship & Training Council-- has statutory authority to oversee apprenticeship committees, programs, and policies and to approve apprenticeship committee members. The commissioner of the BOLI serves as the chairperson; the director of the Bureau's ATD serves as its secretary.
Out-of-Work List	Apprentices who are waiting to be dispatched.
Period	Stage of skill level of apprentice, based upon OJT, related training hours and training agent evaluation. Sometimes referred to as "Step" or "Term."
Probationary Apprentice	An apprentice with less than a specified number of on-the-job-training hours or within the first year of their apprenticeship, whichever comes first.

Program	As defined in ORS 660.010, means the total system of apprenticeship as operated by a particular local joint or trade committee; also referred to as JATC, TATC, or apprenticeship committee.
Proposed Cancellation	Committee Action: This action is taken after the apprentice fails to appear before the Committee or violates a Corrective Action and is the final step before cancellation.
Quorum	The minimum number of representatives needed to be present for the Committee to vote or take official action.
Rerate	Committee Action: Advancement to a higher period and wage based upon sufficient on-the-job-training hours, related training hours, and training agent recommendation. <i>Also referred to as Advancement.</i>
Related Training (RT)	Organized and systematic form of classroom and lab instruction designed to provide knowledge of the theoretical and technical subjects related to the trade.
Selection Method	Process used to recruit and choose applicants.
Termination	Committee Action: Cancellation of the registration agreement between the apprentice and the Committee.
Training Agent (TA)	Approved construction companies registered through the Committee with the State and who are committed to training apprentices in accordance with the Standards. They oversee an apprentice's on-the-job training.
Wage Survey	An annual poll of all training agents registered to the program to determine the average private journey-level wage for the occupation. This is done to comply with state statute ORS 660.137 (6).
Work Processes	Specified work duties/skills outlined by the Standards to ensure an apprentice has received a well-rounded experience in the trade.

Invitation to Self-Identify as an Individual with a Disability

This form is offered to you in accordance with The Oregon Plan and the Code of Federal Regulation (Title 29, Part 30). This is an invitation to voluntarily self-identify as a person with a disability.

Filling out and returning this form to NWCOG is optional and voluntary, you are no obligation to do so.

[Invitation to Self-Identify as an Individual with a Disability Form](#)
